

# Faribault County Stormwater Mini Grant Program

## Clean Water Funds: 2013

Clean Water Grant	\$37,500
Leveraged Funds*	\$10,000
Total Project Budget	\$47,500

\* Leveraged Funds include required 25% local match

**Project Sponsor:**  
Faribault SWCD

**Grant Period:**  
January 2013—December 2015

**Project Contact:**  
Michele Stindtman

- CommCWF13-217unity Partners

## Project Narrative

Faribault County Soil and Water Conservation District will develop a mini-grant program to partner with area non-profits, community groups and lake associations to implement stormwater management practices that will intercept, treat, filtrate and/or infiltrate runoff that will reduce phosphorus and sediment loads into high priority and TMDL impaired waters in Faribault County. This program would provide cost-share and technical assistance to enable these organizations to go beyond planning and take action to protect our water resources.

### Proposed Outcomes:

Five to Ten Community Partners Grant Projects

### Actual Outcomes:

Project in Progress
