

Buffer Law Implementation

BWSR Grant Profile

May 5, 2016

Grant Description

These grants provide funding and assistance for coordinating implementation of buffer law implementation with shoreland and/or drainage authorities from the county or watershed district. Additional proposed activities were indicated by the SWCD through a funding request form. Eligible activities include assistance to support drainage system mapping and map review, landowner outreach, landowner technical and financial assistance, equipment purchases, and more.

Reporting Overview

Grantee progress reporting should refer to the activities indicated in the initial request, as BWSR's Board Conservationist will refer to the funding request form when reviewing reports. Grantees should report expenditures and "Actual Results" in eLINK under the appropriate activity categories.

Funding is provided through the Clean Water Fund, making these grants subject to all Clean Water Fund reporting requirements, including use of the Legacy logo where applicable and practicable. If staff time will be used under this grant, please use the Rates and Hours tool in eLINK to enter the estimated Full Time Equivalent (FTE) employees funded through this grant.

eLINK Reporting Requirements

Type: Clean Water Fund – Subject to all CWF requirements, including use of the Legacy logo.
