

# State Cost Share

## BWSR Grant Profile

February 4, 2016

### Grant Description

The State Cost Share program, formally established in Minnesota Statutes §103C.501 as the Erosion Control and Water Management Program, provides funds to Soil and Water Conservation Districts to share the cost with the landowner of systems or practices for erosion control, sedimentation control, or water quality improvements that are designed to protect and improve soil and water resources. Cost Share funds are dispersed annually to Soil and Water Conservation Districts as part of the executed SWCD Program and Operations grant agreement or addendum.

### Reporting Overview

Cost Share funds are subject to the Erosion Control and Water Management Policy, in addition to the terms of the grant agreement and policies in BWSR's Grants Administration Manual. Significant changes were made to the program policy in fiscal year 2014; please visit <http://www.bwsr.state.mn.us/cs/> to find current and historic cost share rule policies.

### eLINK Reporting Requirements

**Type:** Cost Share

**Administered by:** BWSR

**Application completed in eLINK?** No
