

## 4C

## Construction Permit Compliance Checklist

When performing construction to restore drained and altered wetlands, a number of potential permits, approvals, or permissions may be needed prior to commencing with the planned activities.

The intent of this document is to provide a checklist of construction related permits that may potentially be needed when conducting wetland restoration work in the State of Minnesota. While this checklist is intended to be comprehensive, it does not necessarily represent all potential permit/approvals needed for a particular proposed project/activity. Local grading permits, building permits, zoning approvals, etc. are not listed and may also be needed. The project manager/engineer is responsible to work with project owner in determining and securing all necessary permits, permissions, authorizations, etc. that may be needed for a project.

Upon approval or compliance verification, check the corresponding box and attach any associated verification (i.e. permit letter, approval notice, permit waiver, etc.).

### Wetland/Water Resource Related Permits

#### Wetland Conservation Act (WCA)

- Project is *not regulated* by WCA
  - LGU determination (received letter)
  - Self-determined
- Project qualifies as a *no-loss*
  - LGU determination (received letter)
  - Self-determined
- Project qualifies for an *exemption*
  - LGU determination (received letter)
  - Self-determined
- Replacement Plan* approved (received decision notice)

#### Section 404 Clean Water Act/Section 10 Rivers & Harbors Act - Army Corps of Engineers (COE)

- Project is *not regulated* by COE (received determination letter, if obtained)
- Project is authorized by *General Permit -001-MN* (received confirmation letter)
- Project is authorized by *Regional General Permit -003-MN*
  - Non-reporting (notification not required, self-determined)
  - Reporting (notification required) – received confirmation letter
- Project is authorized by *Regional Letter of Permission -05-MN* (received confirmation letter)
- Project is authorized by *Individual Permit* (received confirmation letter)
