## Events Approved for Continuing Education Hours (non-MWPCP sponsored)

*Note that if you attended any of these events you must submit a Credit Hour Reporting Form to receive the approved credits for your continuing education requirements.*

WPA Sax-Zim Bog Wetland Field Trip – September 22, 2023. Sponsored by MN Wetland Professionals Association – 3.5 continuing education credit hours for MWPCP. Must have proof of participation (i.e. certificate, email confirmation, etc.).

MN Association of Professional Soil Scientists (MAPSS) Summer Tour 2024- August 23, 2024- Sponsored by the MN Association of Professional Soil Scientists (MAPSS) -5 continuing education credit hours for MWPCP. Must have proof of participation (i.e. certificate, email confirmation, etc.).

WPA Forum – Greenhouse Gas Emissions Reduction and Climate Change Mitigation Potential Through Peatland Restoration in MN- July 10, 2024. Sponsored by MN Wetland Professionals Association – 1.5 continuing education credit hour for MWPCP. These are approved as both in-person and online hours. Up to a maximum of 6 online hours are allowed for continuing education per 3-year renewal period. Must have proof of participation (i.e. certificate, email confirmation, etc.).

WPA Forum – Functional Assessment update- training on HGM, water regimes and plant communities- April 3, 2024. Sponsored by MN Wetland Professionals Association – 2.0 continuing education credit hour for MWPCP. These are approved as both in-person and online hours. Up to a maximum of 6 online hours are allowed for continuing education per 3-year renewal period. Must have proof of participation (i.e. certificate, email confirmation, etc.).

WPA Forum – Identification, Hydrology and Regulation of Calcareous Fens- March 6, 2024. Sponsored by MN Wetland Professionals Association – 2.0 continuing education credit hour for MWPCP. These are online hours. Up to a maximum of 6 online hours are allowed for continuing education per 3-year renewal period. Must have proof of participation (i.e. certificate, email confirmation, etc.).

2024 Wetland Science Conference- February 20-22, 2024. Sponsored by the Wisconsin Wetlands Association. Must have proof of participation (i.e. certificate, email confirmation, etc.). Please submit specific sessions attended with Credit Hour Reporting form.

WPA Forum- BWSR 2024 Update - WCA Rulemaking and 404 Assumption- February 7, 2024. Sponsored by MN Wetland Professionals Association – 2.0 continuing education credit hour for MWPCP. These are approved as both in-person and online hours. Up to a maximum of 6 online hours are allowed for continuing education per 3-year renewal period. Must have proof of participation (i.e. certificate, email confirmation, etc.).

Analyzing Soils for Wetlands and Stormwater- January 30, 2024- Sponsored by the MN Association of Professional Soil Scientists (MAPSS) -6 continuing education credit hours for MWPCP. Must have proof of participation (i.e. certificate, email confirmation, etc.).

Monitoring Wells- January 18, 2024. Sponsored by BWSR, USACE, Wisconsin DNR, EPA – 2.0 continuing education credit hour for MWPCP. These are online hours. Up to a maximum of 6 online hours are allowed for continuing education per 3-year renewal period. Must have proof of participation (i.e. certificate, email confirmation, etc.).

## 2023

WPA Winter Soiree- Minnesota Climate Conditions: Observations, Trends, and Outlooks – December 19, 2023. Sponsored by MN Wetland Professionals Association – 1 continuing education credit hour for MWPCP.

MN Association of Professional Soil Scientists (MAPSS) Winter Technical and Business Meeting- December 1, 2023- Sponsored by the MN Association of Professional Soil Scientists (MAPSS) -3.5 continuing education credit hours for MWPCP. Must have proof of participation (i.e. certificate, email confirmation, etc.).

WPA Forum- Draft Prospectus and Prospectus: How a Sponsor Can Get the Most Benefit from the First Two Phases of the Mitigation Bank Review Process– November 8, 2023. Sponsored by MN Wetland Professionals Association – 1.5 continuing education credit hour for MWPCP. These are approved as both in-person and online hours. Up to a maximum of 6 online hours are allowed for continuing education per 3-year renewal period. Must have proof of participation (i.e. certificate, email confirmation, etc.).

Minnesota Wetlands Science, Law and Compliance Webinar- October 24, 2023. Sponsored by Halfmoon Education- 6 online continuing education credit hours for MWPCP. These are online hours. Up to a maximum of 6 online hours are allowed for continuing education per 3-year renewal period. Must have proof of participation (i.e. certificate, email confirmation, etc.).

2023 Minnesota Water Resources Conference- Wetlands Workshop- October 17, 2023. Sponsored by University of Minnesota Water Resources Center- 1.5 continuing education credit hours for MWPCP.

MN Native Plant Society- Welby Smith Ferns & Lycophytes of MN– October 5, 2023. Sponsored by MN Wetland Professionals Association – 1.5 continuing education credit hours for MWPCP. Must have proof of participation (i.e. certificate, email confirmation, etc.).

WPA Sax-Zim Bog Wetland Field Trip – September 23, 2023. Sponsored by MN Wetland Professionals Association – 3.5 continuing education credit hours for MWPCP. Must have proof of participation (i.e. certificate, email confirmation, etc.).

Aquatic Plant Identification Workshop- July 27, 2023. Sponsored by the University of Minnesota- 6 continuing education credit hours for MWPCP. Must have proof of participation (i.e. certificate, email confirmation, etc.).

SWS Webinar- A Broad Scale 2,500 Acre Wetland Habitat Restoration Project in South Florida- July 20, 2023. Sponsored by Society of Wetland Scientists – 1 online continuing education credit hour for MWPCP. Up to a maximum of 6 online hours are allowed for continuing education per 3-year renewal period. Must have proof of participation (i.e. certificate, email confirmation, etc.).

WPA Field Trip to Cedar Creek Ecosystem Science Reserve – June 30, 2023. Sponsored by MN Wetland Professionals Association – 5 continuing education credit hours for MWPCP. Must have proof of participation (i.e. certificate, email confirmation, etc.).

WPA Field Trip to Kelleher Park Fen – June 21, 2023. Sponsored by MN Wetland Professionals Association – 2 continuing education credit hours for MWPCP. Must have proof of participation (i.e. certificate, email confirmation, etc.).

Implications of the Supreme Court’s Sackett Decision for Protection of Wetlands and Waters- June 14, 2023. Sponsored by National Association of Wetland Managers – 1 online continuing education credit hour for MWPCP. Up to a maximum of 6 online hours are allowed for continuing education per 3-year renewal period. Must have proof of participation (i.e. certificate, email confirmation, etc.).

WPA Forum- Wild Rice Biology, Ecology, and Challenges – May 3, 2023. Sponsored by MN Wetland Professionals Association – 1 online continuing education credit hour for MWPCP. Up to a maximum of 6 online hours are allowed for continuing education per 3-year renewal period. Must have proof of participation (i.e. certificate, email confirmation, etc.).

Annual State/Tribal/Federal Coordination Meeting: Protecting and Restoring Wetlands for People and Wildlife- May 2-4, 2023. Sponsored by the National Association of Wetland Managers- up to 13 continuing education credit hours for MWPCP. Must have proof of participation (i.e. certificate, email confirmation, etc.).

WPA Forum- Understanding the Wetland Conservation Act and Section 404 Alternatives Analysis – April 5, 2023. Sponsored by MN Wetland Professionals Association – 1.5 continuing education credit hour for MWPCP. These are approved as both in-person online hours. Up to a maximum of 6 online hours are allowed for continuing education per 3-year renewal period. Must have proof of participation (i.e. certificate, email confirmation, etc.).

MN Peatland Science Symposium- March 23-24, 2023. Sponsored by The Nature Conservancy. Up to 12 continuing education credit hours for MWPCP. These are approved as both in-person online hours. Up to a maximum of 6 online hours are allowed for continuing education per 3-year renewal period. Must have proof of participation (i.e. certificate, email confirmation, etc.).

WPA Forum- MPCA: Low Salt Diet for Many Wetlands Plants/401 Water Quality Certification Program- March 1, 2023. Sponsored by MN Wetland Professionals Association – 1.5 continuing education credit hour for MWPCP. These are online hours. Up to a maximum of 6 online hours are allowed for continuing education per 3-year renewal period. Must have proof of participation (i.e. certificate, email confirmation, etc.).

2023 Wetland Science Conference- February 22-23, 2023. Sponsored by the Wisconsin Wetlands Association. Must have proof of participation (i.e. certificate, email confirmation, etc.). Please submit specific sessions attended with Credit Hour Reporting form.

WPA Forum- Bell Museum Herbarium and the Minnesota Biodiversity Atlas- February 1, 2023. Sponsored by MN Wetland Professionals Association – 0.5 continuing education credit hour for MWPCP. These are online hours. Up to a maximum of 6 online hours are allowed for continuing education per 3-year renewal period. Must have proof of participation (i.e. certificate, email confirmation, etc.).

MN Association of Professional Soil Scientists (MAPSS) and MN Erosion Control Association- Exploring Soils Workshop- January 24, 2023- 3.5 continuing education credit hours for MWPCP. Must have proof of participation (i.e. certificate, email confirmation, etc.).

WPA Forum- 2023 BWSR Updates- January 4, 2023. Sponsored by MN Wetland Professionals Association – 1.5 continuing education credit hour for MWPCP. These are online hours. Up to a maximum of 6 online hours are allowed for continuing education per 3-year renewal period. Must have proof of participation (i.e. certificate, email confirmation, etc.).

University of Minnesota Monitoring Ecological Restoration courses- up to 6 online credit hours. Up to a maximum of 6 online hours are allowed for continuing education per 3-year renewal period. Must have proof of participation (i.e. certificate, email confirmation, etc.).

## 2022

2022 Army Corps Mitigation Webinar- Vegetation Performance Standards- Sponsored by the USACE- 1.0 continuing education credit hour for MWPCP. These are online hours. Up to a maximum of 6 online hours are allowed for continuing education per 3-year renewal period. Must have proof of participation (i.e. certificate, email confirmation, etc.).

2022 Minnesota Water Resources Conference- Track C- Wetlands Workshop- October 18, 2022. Sponsored by University of Minnesota Water Resources Center- 1.5 continuing education credit hours for MWPCP.

WPA Forum- Peatland Restoration as a Natural Climate Solution in Minnesota- November 2, 2022. Sponsored by MN Wetland Professionals Association – 1.5 continuing education credit hour for MWPCP. These are online hours. Up to a maximum of 6 online hours are allowed for continuing education per 3-year renewal period. Must have proof of participation (i.e. certificate, email confirmation, etc.).

Floodplain Hydric Soils Workshop-September 23, 2022. Sponsored by MN Wetland Professionals Association – 4 continuing education credit hours for MWPCP. Must have proof of participation (i.e. certificate, email confirmation, etc.).

U of M Onsite Sewage Treatment Program Hybrid Soils CE- August 26, September 1, 2022 & April 29, May 20, 2021. Sponsored by U of M Onsite Sewage Treatment Program – 4 continuing education credit hours for MWPCP. Must have proof of participation (i.e. certificate, email confirmation, etc.).

MN Gray Drift Summer Soil Field Day- July 29, 2022. Sponsored by MN Association of Professional Soil Scientists – 6 continuing education credit hours for MWPCP. Must have proof of participation (i.e. certificate, email confirmation, etc.).

Sedges of Minnesota- Three Day Identification Workshop- June 15-June 17, 2022. Sponsored by Critical Connections Ecological Services – 18 continuing education credit hours for MWPCP. Must have proof of participation (i.e. certificate, email confirmation, etc.).

WPA Forum- USACE St. Paul District Regulatory: Overview and Updates- June 1, 2022. Sponsored by MN Wetland Professionals Association – 1.5 continuing education credit hour for MWPCP. These are online hours. Up to a maximum of 6 online hours are allowed for continuing education per 3-year renewal period. Must have proof of participation (i.e. certificate, email confirmation, etc.).

WPA Wildlife Habitat Tour at Sax Zim Bog- June 4, 2022. Sponsored by MN Wetland Professionals Association – 3 continuing education credit hours for MWPCP. Must have proof of participation (i.e. certificate, email confirmation, etc.).

WPA Forum- Enhancing Habitat and Diversity in Cattail Dominated Shorelines- May 4, 2022. Sponsored by MN Wetland Professionals Association – 1.5 continuing education credit hour for MWPCP. These are online hours. Up to a maximum of 6 online hours are allowed for continuing education per 3-year renewal period. Must have proof of participation (i.e. certificate, email confirmation, etc.).

Wisconsin Wetlands Association- Virtual Wetland Science Conference - February 15-17, 2022. Sponsored by Wisconsin Wetlands Association – Up to 4 continuing education credit hours for MWPCP. These are online hours. Up to a maximum of 6 online hours are allowed for continuing education per 3-year renewal period. Must have proof of participation (certificate, e-mail confirmation, etc.).

WPA Forum- Updates from BWSR & Corps- February 2, 2022. Sponsored by MN Wetland Professionals Association – 2 continuing education credit hour for MWPCP. These are online hours. Up to a maximum of 6 online hours are allowed for continuing education per 3-year renewal period. Must have proof of participation (i.e. certificate, email confirmation, etc.).

WPA Forum- Geomorphology and Wetlands In Minnesota- January 5, 2022. Sponsored by MN Wetland Professionals Association – 1.5 continuing education credit hour for MWPCP. These are online hours. Up to a maximum of 6 online hours are allowed for continuing education per 3-year renewal period. Must have proof of participation (i.e. certificate, email confirmation, etc.).

2021

WPA Forum- Useful Field Apps for Wetland Professionals- November 3, 2021. Sponsored by MN Wetland Professionals Association – 2.5 continuing education credit hour for MWPCP. These are online hours. Up to a maximum of 6 online hours are allowed for continuing education per 3-year renewal period. Must have proof of participation (i.e. certificate, email confirmation, etc.).

Water Resources Conference- Wetlands Special Session- October 20, 2021. Sponsored by MN Wetland Professional Association & University of Minnesota Water Resources Center and College of Continuing and Professional Studies- 5.5 continuing education credit hours for MWPCP. These are online hours. *Up to a maximum of 6 online hours are allowed for continuing education per 3-year renewal period.* Must have proof of participation (i.e. certificate, email confirmation, etc.).

WPA Hydric Soils Workshop-September 24, 2021. Sponsored by MN Wetland Professionals Association – 4 continuing education credit hours for MWPCP. Must have proof of participation (i.e. certificate, email confirmation, etc.).

WPA Forum- Stream restoration, dam removal, and wetland impacts- Value judgements impacting the landscape- September 1, 2021. Sponsored by MN Wetland Professionals Association – 0.5 continuing education credit hour for MWPCP. These are online hours. Up to a maximum of 6 online hours are allowed for continuing education per 3-year renewal period. Must have proof of participation (i.e. certificate, email confirmation, etc.).

Minnesota Wetlands Law and Compliance Interactive Webinar- August 24, 2021. Sponsored by Halfmoon Education- 4 continuing education credit hours for MWPCP. These are online hours. Up to a maximum of 6 online hours are allowed for continuing education per 3-year renewal period. Must have proof of participation (i.e. certificate, email confirmation, etc.).

WPA Forum- Villa Park Wetland and Stormwater Improvement Projects Walking Tour- August 11, 2021. Sponsored by MN Wetland Professionals Association – 2.5 continuing education credit hours for MWPCP. Must have proof of participation (i.e. certificate, email confirmation, etc.).

University of Wisconsin-La Crosse Basic Wetland Delineation Class- August 9-11, 2021. 24 continuing education credit hours for MWPCP. Must have proof of participation (i.e. certificate, email confirmation, etc.).

National Mitigation & Ecosystem Banking Conference- July 19-21, 2021. Up to 15 continuing education credit hours for MWPCP. Must have proof of participation (i.e. certificate, email confirmation, etc.).

WPA Forum- Garden Tour: "Useful Plants in the Home Garden"-July 7, 2021. Sponsored by MN Wetland Professionals Association – 0.5 continuing education credit hours for MWPCP. Must have proof of participation (i.e. certificate, email confirmation, etc.).

WPA Forum- Field Tour of the Sax Zim Bog and Superior Wetland Bank-June 5, 2021 & June 12, 2021. Sponsored by MN Wetland Professionals Association – 4 continuing education credit hours for MWPCP (each day). Must have proof of participation (i.e. certificate, email confirmation, etc.).

WPA Forum- MNPhrag: Responding to Invasive Phragmites- May 5, 2021. Sponsored by MN Wetland Professionals Association – 1 continuing education credit hour for MWPCP. These are online hours. Up to a maximum of 6 online hours are allowed for continuing education per 3-year renewal period. Must have proof of participation (i.e. certificate, email confirmation, etc.).

WPA Forum- Leap into Appreciating Minnesota's Frogs and Toads- April 7, 2021. Sponsored by MN Wetland Professionals Association – 1 continuing education credit hour for MWPCP. These are online hours. Up to a maximum of 6 online hours are allowed for continuing education per 3-year renewal period. Must have proof of participation (i.e. certificate, email confirmation, etc.).

Wetland Restoration Webinar- March 16-March 18, 2021. Sponsored by the BWSR Technical Training and Certification Program- 3 continuing education credit hours for MWPCP for each session. These are online hours. Up to a maximum of 6 online hours are allowed for continuing education per 3-year renewal period. Please note that participation will be confirmed by documenting active participants throughout the event and *participants do not need to submit a Credit Hour Reporting Form for these CEC*.

WPA Forum- MN Wetland Restoration Projects- March 3, 2021. Sponsored by MN Wetland Professionals Association – 2 continuing education credit hours for MWPCP. These are online hours. Up to a maximum of 6 online hours are allowed for continuing education per 3-year renewal period. Must have proof of participation (i.e. certificate, email confirmation, etc.).

Critical Methods- Wetland Delineation Workshop Series- March 3, 2021. Sponsored by UW-La Crosse- 4 online continuing education credit hours for MWPCP. These are online hours. Up to a maximum of 6 online hours are allowed for continuing education per 3-year renewal period. Must have proof of participation (i.e. certificate, email confirmation, etc.).

Dakota Wetlands Law and Compliance Interactive Webinar- March 1, 2021. Sponsored by Halfmoon Education- 1.5 continuing education credit hours for MWPCP for each session. These are online hours. Up to a maximum of 6 online hours are allowed for continuing education per 3-year renewal period. Must have proof of participation (i.e. certificate, email confirmation, etc.).

Wisconsin Wetlands Association- Virtual Wetland Science Conference - February 16-19, 2021. Sponsored by Wisconsin Wetlands Association – Up to 4 continuing education credit hours for MWPCP. These are online hours. Up to a maximum of 6 online hours are allowed for continuing education per 3-year renewal period. Must have proof of participation (certificate, e-mail confirmation, etc.).

WPA Forum- Updates from BWSR- February 3, 2021. Sponsored by MN Wetland Professionals Association – 2 continuing education credit hour for MWPCP. These are online hours. Up to a maximum of 6 online hours are allowed for continuing education per 3-year renewal period. Must have proof of participation (i.e. certificate, email confirmation, etc.).

2020

WPA Forum- Exploring and Traversing the Red Lake Peatland SNA on Foot – November 4, 2020. Sponsored by MN Wetland Professionals Association – 1.5 continuing education credit hours for MWPCP. These are online hours. Up to a maximum of 6 online hours are allowed for continuing education per 3-year renewal period. Must have proof of participation (certificate, e-mail confirmation, etc.)

WPA Plant ID Walk – Blaine Wetland Sanctuary & Edenbrook Conservation Area- September 15 & 22, 2020. Sponsored by MN Wetland Professionals Association- 3.0 continuing education credit hours for MWPCP.

The Marcell Experimental Forest, Peatlands, and the Spruce and Peatland Responses Under Changing Environments (SPRUCE) Experiment- August 20, 2020. Sponsored by MN Wetland Professional Association- 1.5 continuing education credit hours for MWPCP. These are online hours. Up to a maximum of 6 online hours are allowed for continuing education per 3-year renewal period. Must have proof of participation (i.e. certificate, email confirmation, etc.).

WPA Forum- Restoring Wetland Vegetation Past, Present and Future - June 3, 2020. Sponsored by MN Wetland Professionals Association - 2 continuing education credit hours for MWPCP. These are online hours. Up to a maximum of 6 online hours are allowed for continuing education per 3-year renewal period. Must have proof of participation (certificate, e-mail confirmation, etc.).

WPA Forum- Making a Statewide NWI Update and Maintaining It - May 13, 2020. Sponsored by MN Wetland Professionals Association - 1 continuing education credit hour for MWPCP. This is an online hour. Up to a maximum of 6 online hours are allowed for continuing education per 3-year renewal period. Must have proof of participation (certificate, e-mail confirmation, etc.).

WPA Forum- Wetland Hydrology Related to Development Review - March 11, 2020. Sponsored by MN Wetland Professionals Association - 2 continuing education credit hours for MWPCP.

Critical Methods in Wetland Delineation - March 4, 2020. Sponsored by UW-La Crosse - 7 continuing education credit hours for MWPCP.

Wetland Science Conference, A Clear Vision for Wetlands- February 18 – 20, 2020. Sponsored by WI Wetlands Associates- 10 continuing education credit hours for MWPCP for attending entire event. Note that participants will only get credit for the sessions they attended. Please be sure to itemize these sessions (and their length) on the Credit Hour Reporting Form.

Assumption 101: Introduction to Assuming the CWA Section 404 Program (Webinar) - February 18, 2020. Sponsored by Association of State Wetland Managers - 2 continuing education credit hours for MWPCP. These are online hours. Up to a maximum of 6 online hours are allowed for continuing education per 3-year renewal period. Must have proof of participation (certificate, e-mail confirmation, etc.).

WPA Forum- Assessments of Long Term Floristic Quality and Hydrology on Wetland Mitigation

Sites - Feb. 5, 2020. Sponsored by MN Wetland Professionals Association - 2 continuing education credit hours for MWPCP.

2020 Wetland Status & Trends - January 23, 2020. Sponsored by Swamp School, LLC - 2 continuing education credit hours for MWPCP.
