

GRANT PRE-AWARD FINANCIAL CAPACITY FORM FOR NONPROFIT ORGANIZATIONS

The mission of the Board of Water and Soil Resources (BWSR) is to improve and protect Minnesota's water and soil resources by working in partnership with local organizations and private landowners. As part of the agency's pre-award risk assessment procedure, BWSR utilizes this form to gather information needed to conduct an organization review of the nonprofit applying for grant funding, in compliance with the Minnesota Department of Administration Office of Grants Management Policy #08-06 Pre-Award Risk Assessment for Potential Grantees.

A nonprofit organization is defined as: A charitable organization that is formed for the purpose of fulfilling a mission to improve the common good of society rather than to acquire and distribute profits. The organization meets the definitions in Chapter 317A, Minn. Stat. §309.50 Subd. 4 or meets the definitions in the Internal Revenue Service code, with the most common type being a 501(c)(3).

The following information should be completed by your organization's administrative staff (e.g. Finance Manager, Accountant, Executive Director). If you will be using a fiscal agent, that organization should answer the questions from their fiscal agent perspective; otherwise, answer them for your organization.
