

Level 3 Certified Conservation Planner Verification

Once your required Level 3 Certified Conservation Planner training is complete, please meet with your supervisor to confirm successful completion of the training curriculum. Please fill in any details you have about where, when, and how the training requirement was met in the training details column prior to meeting with your supervisor (especially for self-certification items*). Provide supporting documentation to your supervisor during the meeting. Please ask your supervisor to sign this Level 3 Certified Conservation Planner Verification document if they certify you have successfully completed the required training. Then, return to AgLearn to upload the signed form to your Other Evidence and complete the verification quiz.
