

**Grant Program Requirements:**  
**FY 2026 Keep it Clean Grant Program**

**1. Match**

A non-state match equal to at least 10% of the amount of the grant received is required. The anticipated source(s) for the match shall be identified in the grant work plan. Match can be provided by a landowner, land occupier, private organization, local government or other non-state source and can be in the form of cash or the cash value of services or materials contributed to the accomplishment of grant objectives. State funded loans repaid with non-state funds may be used for the match.

**2. Grant Work Plan**

A work plan shall be developed in eLINK and must be approved before execution of the grant agreement. The work plan shall reflect each eligible activity that will be implemented, a description of the anticipated activity outcomes or accomplishments, and grant funding amounts to accomplish each of the activities.

**3. Eligible Activities**

Eligible activities can consist of pollution prevention practices; project development; program and project support (e.g. education, outreach, marketing, staff time); and technical and engineering assistance necessary to implement a program to reduce water pollution from garbage and human waste associated with winter recreation activities. Eligible activities can also include local grant administration, management, and reporting that are directly related to and necessary for implementing the project or activity associated with the grant.

**4. Allowable and Unallowable Costs**

Allowable costs are costs solely incurred through project activities that are directly related to and necessary for producing the project outcomes described in the work plan. Grantee is required to account for the staff time charged to BWSR grants in order to track the expenditure of grant funds and match to ensure the use of the funds is consistent with applicable State and BWSR requirements.

Unallowable costs include but are not limited to:

- Bad debts, monetary settlements and judgements, late payment fees, and investment management fees
- Donations, fundraising, sponsorships, and acknowledgements
- Entertainment, gifts, prizes, and decorations
- Alcohol
- Interest on loans not authorized under state statute
- Loans of BWSR grant funds
- Lobbying, lobbyists, and political contributions
- Merit awards and bonuses

5. **Technical Quality Assurance**

Practices and projects must meet the following requirements to ensure long-term public benefit:

- **Technical Assistance Provider.** The recipient must designate technical assistance provider(s) that have appropriate credentials for investigation, design, and construction.
- **Practice Standards.** Practices and projects must use appropriate standards for design, construction, effective life, operation, and maintenance.
- **Practice Certification.** Technical assistance provider(s) must certify that the practice or project was installed or constructed in accordance with the applicable plans and specifications, including approved modifications, prior to authorization for payment.
- **Operation and Maintenance.** Technical Assistance Provider(s) must prepare an operation and maintenance (O&M) plan specific to the site and practice(s) implemented.
- **Periodic Practice/Project Inspection.** Inspections shall confirm that the operation and maintenance plan is being followed and the project has not been altered or removed.

6. **Grant Management and Reporting**

Grantee is required to report on the outcomes, activities, and accomplishments.
